

# OASIS 540

Daytime layout

Nighttime layout

# THE COMFORT, THE STYLE AND SECURITY OF YOUR OWN HOME **WHEREVER YOU GO**

All the features and highlights of the Oasi range are shared in our most compact design, ready to face any adventure without compromising on comfort.

A unique and refined design wrapped in small dimensions for adventurous couples who enjoy touring holidays, exploring villages and destinations off the beaten track, without compromising on style or comfort. Compact, dynamic and lightweight: the irresistible, captivating performance of the Oasi 540. A truly exciting driving experience for you to enjoy!

Thanks to its reduced size and smooth, aerodynamic design of the fibreglass monocoque bodyshell, it provides matchless driving comfort, especially on long-distance journeys. You can now be sure to arrive nice and relaxed!

As well as easily fitting in a normal car parking space right in front of the museum you want to visit! With the Oasi 540. Despite its compact size (just 213.38 in long) it has an amazingly spacious interior!

# WINGAMM OASI 540

## TECHNICAL FEATURES

## **O1 /** **L-SHAPED DINETTE**

The wide and welcoming L-shaped dinette opposite the kitchen is a space to enjoy together and can be turned into a single bed, as required. The oval dinette table is secured to a device that allows you to move it and stop it in any desired position.

The L-shaped dinette also has swivel "captain chair" cab seats to provide extra seating options in the lounge area. We have a choice of 'jacquard' fabrics for you to select to customise the lounge upholstery.

## **O2 /** **KITCHEN** **UNIT**

The kitchen unit has a contemporary design, and is on the right-hand side of the vehicle: it has a number of drawers and cupboards featuring elegant chromed push-lock handles. It has an amazingly generous amount of work surface!

It comes with a two-burner hob with a cover that closes flush with the work surface, a steel sink with a Wingamm wooden chopping board cover, and a 3.3 cubic ft Trivalent refrigerator.

## 03 / **DROP-DOWN BED**

The longitudinal drop-down double bed, patented by Wingamm, is quick and easy to use by simply pulling it down or pushing it back up again manually.

It comes with slats and a memory foam mattress for maximum sleeping comfort, and you can still easily reach the side roof lockers, because this is the “drop-down bed par excellence!”

## 04 / **FURNISHINGS**

The curvy, light and bright interiors are designed to use space as efficiently as possible, and provide unrivalled comfort.

We have a selection of a number of furniture finishes to choose from, because we all like to choose a product that reflects our personality.
